Large wall fountains

Large rustic washhouse-style basin with pediment in frost-resistant limestone

Inspired by traditional Provençal wash-houses, this large rustic wall fountain stands out for its authentic character and handcrafted construction in frost-resistant weathered limestone. The tall and wide basin, accented with supporting stones, is crowned with imposing thick sloped coping stones in the traditional washhouse style. The pediment, built from carefully fitted stonework, features a large antique cast-iron water spout and is elegantly finished with a beautifully molded cornice.

Height	185 cm
Width	280 cm
Depth	355 cm

- Basin's height : 70 cm

Price

14000 €
