

## Beautiful wall fountain in patinated stone with 18th century corbels

This large ornamental fountain was made in Provence fusing old stones, reclaimed natural stones. This wall fountain includes a shallow basin made of large stone slabs and thick rounded copings. The rather narrow pediment is flanked by two beautiful hand-sculpted corbels dating from the 18th century and topped by a large flat finely molded capital.

Height 160 cm

Width 239 cm

Depth 160 cm

- Basin's height : 50cm
