

Original fountain with monolithic basin and antique sink

This large ornamental fountain is a wall fountain made from ancient materials. Large, it includes a large massive stone tray on which rests a stone pediment surmounted by a molded cornice. On the left of this pediment is another pediment, narrower, with molded plastron, old tap and capital. Tap water pours into a small old monolithic sink. The cast iron water outlet allows a large flow.

Height 200 cm

Width 226 cm

Depth 107 cm

- Basin's height : 65 cm

Price

5500 €
