

### Wall fountain in stone with pediment decorated with floral sculptures

This large stone wall fountain has a rather sober rectangular basin enhanced by thick molded copings. The pediment contrasts with the basin : very finely carved by hand with floral decorations, it has side corbels, a magnificent cornice and, in the center of a molded breastplate, an old wrought iron water outlet with cast iron rosette.

Height 160 cm

Width 180 cm

Depth 125 cm

- Basin's height : 45 cm
