

Garden wall fountain with finely carved pediment in patinated stone

This small garden fountain crafted in aged and patinated natural stones is a wall fountain : its has a pediment (or wall) and can be installed leaning against a wall. This pediment, small and narrow, is very finely hand-carved with a molded plastron and a superb cornice. The rectangular basin underneath rests on a larger base and has large and thick copings. A unique piece.

Height 130 cm

Width 127 cm

Depth 85 cm

- Basin's height : 60 cm - Copings' depth : about 21 cm
- Pediment's depth : 60 cm

Price

3200 €
