This garden fountain, handmade in our stone cutting workshop with real and authentic ancient stones, presents an octagonal shaped basin made up of massive stone panels topped up by large curbs. In its center, one finds a large pierced ball placed on a finely worked base. This original center piece works as water outlet.

Superb natural patina of time.

Height 100 cm

Atelier A.E BIDAL

Diameter 275 cm

- Basin's height: 50 cm - Curb stones' width: 30 cm
