Octagonal basin with massive ball on base in weathered stone ** SOLD

This garden fountain is hand-crafted in our stone cutting atelier with authentic reclaimed old stones. The octagonal basin is made of massive straight stone slabs topped by large and thick curb stones. In its center, a large ball seats on a finely sculpted octagonal pedestal. This original centerpiece works as the water outlet (water gushes out the top of the ball). The stones bear a superb natural patina of time.

Height	100 cm
Width	290 cm
Depth	290 cm

- Basin's height : 50 cm - Base : L 60 cm x D 60 cm x H 50 cm + ball of 50 cm diametre

Price
5490 €
