Square fountain in stone with 4 wrought iron water outlets ** SOLD

This central fountain in ancient stones is a crafted composition and a unique creation signed Bidal. This fountain presents a square basin made up of 4 large stones, thick copings, and a square central column decorated with four water outlets in metal and highlighted by a capital sculped in a diamond point. An ancient fountain with a rather sober design that will go perfectly with any type of environment.

Height	160 cm
Width	132 cm
Depth	132 cm

- Basin's height : 70 cm - Central column : 30cm² and capital of 45cm²

Price
2500 €
