

## Large wall fountain in weathered stones with pointy molded capital

This large wall fountain is a unique model and an artisanal creation made using authentic reclaimed old stones. It has a tall fitted basin with thick and inclined wash-style copings, a pediment decorated with a recessed plastron and a large overhanging finely molded cornice carved in the shape of a point. This fountain is supplied with its old wrought iron water spout and its 2 metallic bucket rest bars. Beautiful natural patina.

Height 190 cm  
Width 200 cm  
Depth 124 cm

- Basin's height : 60 cm
