

Charming bell-tower in stone and its antique bell in bronze

This small bell tower, a unique model of artisanal creation, is composed of beautiful natural stones patinated by time and of an antique small bronze bell. This bell-tower is very harmonious thanks to its rounded shape and its beautiful and fine moldings. The bell in the center of the niche is equipped with its wrought iron yoke, its clapper and its long chain. A beautiful architectural element !

Height 106 cm

Width 79 cm
