

### Ancient long and narrow trough in rustic stone

This elegant old stone trough is long and shallow. Carved into a single block of hard stone which has been hollowed out by hand by a stone cutter, this ancient trough was once used as a watering place or as a manger for the farm animals. Now, this rustic trough can become a beautiful and solid stone planter.

Height 27 cm  
Width 165 cm  
Depth 43 cm
