This ancient trough made of stone, patinated and eroded naturally by time, is monolithic (that is to say carved into a single block of massive stone). Its beautiful proportions and capacity make it a perfectly adapted trough to be used as a sturdy planter. This ancient trough has a spillway crafted directly into the stone.

Height 42 cm

Width 127 cm

Depth 80 cm

- Spillway: L 15 cm x D 24 cm
