

Antique troughs, wash-houses, wash-basins and laundry sinks

Antique rectangular troughs in stone

Long and high antique trough made of massive stone

This large ancient trough has been carved in a monolithic stone (crafted into a single massive block of stone and hollowed out by hand). Its originality comes from the fact that it seems to have been carved out directly from a large block of white stone. Its rectangular shape, its rustic appearance and its large capacity makes it a perfect trough to be used as a robust and charming planter.

Height 83 cm
Width 179 cm
Depth 90 cm

Price
1100 €
